

Brilliant translucent colours for hardwoods

Wood	meranti
Impregnation agent	- ***
Primer	Induline GW-360 pine (RC-250)
Intermediate and finishing coat *	Induline LW-700/40 afzelia (RC-330)
Exposure class	B3/III-E
Other applications:	
Equalising primer (for patchy wood surfaces)	RC-250-EG
All-in-one system ** (e.g. for spruce facades)	FT32313
Opaque colour **	NCS S 3560-Y30R

Wood	meranti
Impregnation agent	- ***
Primer	Induline GW-360 afrormosia (RC-450)
Intermediate and finishing coat *	Induline LW-700/40 light oak (RC-351)
Exposure class	B6/III-E
Other applications:	
Equalising primer (for patchy wood surfaces)	RC-450-EG
All-in-one system ** (e.g. for spruce facades)	FT32314
Opaque colour **	NCS S 5040-Y40R

Wood	meranti
Impregnation agent	- ***
Primer	Induline GW-360 afrormosia (RC-450)
Intermediate and finishing coat *	Induline LW-700/40 afrormosia (RC-450)
Exposure class	B6/III-E
Other applications:	
Equalising primer (for patchy wood surfaces)	RC-450-EG
All-in-one system ** (e.g. for spruce facades)	FT32315
Opaque colour **	NCS S 4550-Y50R

Wood	meranti
Impregnation agent	- ***
Primer	Induline GW-360 teak (RC-551)
Intermediate and finishing coat *	Induline LW-700/40 teak (RC-550)
Exposure class	B6/III-E
Other applications:	
Equalising primer (for patchy wood surfaces)	RC-551-EG
All-in-one system ** (e.g. for spruce facades)	FT32316
Opaque colour **	NCS S 5040-Y60R

Wood	oak
Impregnation agent	-
Primer	Induline GW-360 afzelia (RC-330)
Intermediate and finishing coat *	Induline LW-700/40 afzelia (RC-330)
Exposure class	B3/III-E
Other applications:	
All-in-one system ** (e.g. for spruce facades)	FT32318
Opaque colour **	NCS S 4050-Y20R

Wood	oak
Impregnation agent	-
Primer	Induline GW-360 teak (RC-551)
Intermediate and finishing coat *	Induline LW-700/40 afrormosia (RC-450)
Exposure class	B6/III-E
Other applications:	
All-in-one system ** (e.g. for spruce facades)	FT32319
Opaque colour **	NCS S 4550-Y50R

Wood	oak
Impregnation agent	-
Primer	Induline GW-360 teak (RC-551)
Intermediate and finishing coat *	Induline LW-700/40 light oak (RC-351)
Exposure class	B6/III-E
Other applications:	
All-in-one system ** (e.g. for spruce facades)	FT32320
Opaque colour **	NCS S 5040-Y40R

Wood	oak
Impregnation agent	-
Primer	Induline GW-360 walnut (RC-652)
Intermediate and finishing coat *	Induline LW-700/40 afrormosia (RC-450)
Exposure class	B7/III-E
Other applications:	
All-in-one system ** (e.g. for spruce facades)	FT32321
Opaque colour **	NCS S 7020-Y40R

* For especially scratch-resistant and hand cream resistant surfaces on doors, please use Induline LW-725 / DW-625 instead of Induline LW-700 / DW-601.

** Slight colour differences are possible; these are only approximations.

*** For meranti with an apparent density < 490 kg/m³ or > 400 kg/m³, impregnation with Induline SW-900 is recommended.
